we work for you...

"Adding value to the customer is our single point of focus in considering a job"

ABOUT US:

We are currently living in a VUCA (Volatility, Uncertainty, Complexity, and Ambiguity) world where every day is a new challenge. In this rapidly changing world, strong management and a well-thought strategy are a must for every organization. infinigent strives to define challenges businesses face today and implement solutions that bring real value to the clients.

OUR SERVICES:

Business Advisory

Any organization that wants to set up a new business in Bangladesh can have a 360° understanding of the environment and have a hassle-free start - one window service.

Management Consulting

infinigent's single point focus is the enhancement of efficiency across all verticals of an organization. We plan, strategize and ensure the execution of all that is required for the increase in efficiency.

Human Resource Services

We are your "GO TO THE PERSON" for rendering your HR needs. Core Services include predictive HR analytics & dashboard, talent acquisition & pipeline, talent development, total rewards strategy, compensation benchmarking, performance bonus & sales incentives, recognition programs, HR technology solutions, HR compliance, HR operations outsourcing and many more.

BPO Services

Our BPO services help you to focus on your core activity and leave the non-core activities to the subject matter experts housed by us.

Corporate Training & Mentoring

We being the exclusive franchisee for Franklin Covey training help organizations to training and development their workforce through 150 “A” class programs.

Sales and Distribution

We specialize in distribution, distributor & sales force management with an in-depth understanding of the Bangladesh market.

OUR SERVICES:

150+	50+	25K	100+
COMPLETE PROJECTS	ACTIVE CUSTOMERS	HOURS WORKED	HAPPY CLIENTS

WHY CHOOSE US?

We focus on adding value to our esteemed customers. In fact, we do not take on any project unless we feel we will be able to add value to the customers. infinigent has a pool of experts and professionals from diverse fields who are able to handle complex projects. infinigent is well-connected globally and can support clients across borders.
